

The Truth about Sex Trafficking:

Every child is at risk of becoming a trafficking victim!

- It is not a foreign problem. The United States makes up for a third of the world's demand.
- Texas alone makes up for a fourth of the US demand.
- The average age of a trafficking victim is 11-14.
- Grooming is still a product of in person contact; however, technology is playing an increasing role.
- Majority of kids being trafficked are in school at least part of the time they are in the life.
- Many children are recruited in their high schools and middle schools.
- The average cost of a sex slave is \$90. What is your child worth to you?

belydia's mission is to use hospitality to prevent girls from being tricked into sex slavery.

We use three pillars to prevent sex slavery:
Awareness, Youth and Community.

Awareness

belydia provides education to adults on the facts about trafficking and how to keep children safe.

Youth

belydia provides youth the tools they need to understand the threat of trafficking and how to take the steps necessary to stay safe.

Community

We help create opportunities for volunteers to assist those who are vulnerable by finding resources to help improve their situation.
